

Data Usage Notice

The dataset provided with this exercise — `Bisoprolol_icsr_sample_1068rows.csv` — and the accompanying reference materials (`PADER_Starter_Guide.md` , `PADER-SAMPLE-full-form.docx`) are provided **solely for use in this hiring/technical evaluation exercise**.

- The data is synthetic and/or derived from publicly available adverse-event reporting sources. It does not represent confidential, proprietary, or real patient records.
- **No commercial use.** Do not use this data, or anything generated from it, for any commercial purpose.
- Do not redistribute, publish, or reuse this data or these materials outside the scope of this assignment.
- Please delete your local copy once the evaluation process is complete.

By starting the exercise, you agree to these terms.
